

ALADEE / IAEE CONFERENCE

# 7<sup>th</sup> ELAEE BUENOS Aires 2019

INTERNATIONAL  
ASSOCIATION for  
ENERGY ECONOMICS

## LATIN AMERICAN ENERGY ECONOMICS

BUENOS AIRES, ARGENTINA - 10, 11 AND 12 MARCH, 2019

### Decarbonization, Efficiency and Affordability: New Energy Markets in Latin America

#### CALL FOR PAPERS

Authors wishing present their papers during ELAEE's concurrent sessions must submit an abstract that briefly describes the research or case study online through the conference website [7elaee.aladee.org](http://7elaee.aladee.org) before **October 31, 2018**.

In case abstracts are approved by the Program Committee, authors will be notified by **November 30, 2018**. Full papers will be published on the online proceedings in the IAEE and ALADEE websites. For more information, please visit: [7elaee.aladee.org](http://7elaee.aladee.org) or write to [7elaee@aladee.org](mailto:7elaee@aladee.org).

#### KEY DATES

<b>October 31<sup>th</sup>, 2018</b>	Deadline for abstract submission
<b>November 30<sup>th</sup>, 2018</b>	Notification of acceptance
<b>January 31<sup>st</sup>, 2019</b>	Final paper/poster submission
<b>February 15<sup>th</sup>, 2019</b>	Deadline for author registration
<b>March 11<sup>th</sup>, 2019</b>	7 <sup>th</sup> ELAEE Meeting

## Poster sessions

Student submissions are encouraged, in the form of papers to be presented during concurrent sessions, and in the form of posters to be featured during the poster sessions. Poster submissions are subject to the same procedures, general guidelines and topics applied to papers.

The term poster submission should be clearly identified at the top of the submitted abstract.

## Guidelines for abstract submissions

Abstracts must follow the abstract template found at [7elae.aladee.org](http://7elae.aladee.org), and must not exceed two pages in length.

The submission must include the following sections:

- **Overview:** brief presentation of the topic including its background and potential significance
- **Methodology:** how the matter was addressed, what techniques were used
- **Expected results:** Key findings
- **Conclusions:** Lessons learned and implications
- **References**

## PREFERRED TOPICS

Abstracts must be focused on one or more of the following conference topics:

- **Oil and Gas markets:** Non-conventional resources, deep water production and exploration; international trade, role of LNG.
- **Electricity Markets:** Renewable Integration, capacity markets, flexibility, storage, intra-day markets, cross-border effects.
- **Energy Demand:** demand elasticity, energy efficiency, behavioral economics.
- **Energy and development:** poverty and sustainability; universal access, affordability.
- **Climate Change:** promoting renewable energy and energy efficiency, electric vehicles, deep decarbonization.
- **Energy and Macroeconomics:** international trade, innovation, growth of investments in new technologies; fiscal Impacts of the energy sector, energy subsidies.
- **System Integration:** Interaction of different energy sources, sector coupling, international interconnections.
- **Regional Energy Integration:** Infrastructure and renewable energy.
- **Geopolitics of Energy:** Shale oil and shale gas in LATAM, deep water production.
- **Energy and Finance:** Climate risks, Financial markets, investments, hedging, funding of RES, insurance markets.
- **Country Studies:** energy transition, general lessons, developing and emerging countries
- **Energy Policy:** Law and economics, network regulation, international institutions.
- **Disruptive Innovation:** Business models, technological change.
- **Local Governments:** Consumers collectives, land-use, urbanization.
- **Energy and Transportation:** Electrification, hydrogen, biofuels.

## Methods

- Econometric studies
- Field experiments, lab experiments
- Surveys, conjoint analysis
- Techno-economic bottom-up models
- General equilibrium, macro models
- Game-theoretical methods
- Simulations (e.g. agent based models)
- Interdisciplinary research (e.g. law and economics, political economy)
- Business cases / case studies / benchmarking

Those interested in organizing a concurrent session should propose a topic and 4 possible speakers. The abstracts proposed for the special session should be submitted, following the general submission rules, within the deadline **October 31st, 2018**.

## Presenter attendance at the conference

The abstract cut-off date is **October 31st, 2018**. At least one author of an accepted paper or poster must pay the registration fee and attend the conference to present the paper or poster. The corresponding author submitting the abstract must provide complete contact details - mailing address, phone, fax, e-mail, etc. Authors will be notified by **November 30th, 2018 of the status of their presentation or poster**.

Authors whose abstracts are accepted will have until **January 31st, 2019** to submit their final papers or posters for publication in the online conference proceedings. While multiple submissions by individuals or groups of authors are welcome, the abstract selection process will seek to ensure as broad participation as possible: each author may present only one paper or one poster in the conference. No author should submit more than one abstract as its single author. If multiple submissions are accepted, then a different author will be required to pay the registration fee and present each paper or poster. Otherwise, authors will be contacted and asked to drop one or more paper(s) or poster(s) for presentation.

Chair of Program Committee: **Dr. Fernando Navajas**
